Chinese Solana Whitepaper (v1.0)

Project Name: Chinese Solana

Ticker: $CHSOL

Network: Solana

Launch: 2025

Concept:

Chinese Solana (□□□) is a culture-fueled, community-powered meme coin riding the lightning speed of the Solana blockchain.

Inspired by the original Solana but infused with Chinese symbolism, humor, and color — it’s where high-performance meets high-meme.

Tokenomics:

- Total Supply: 1,000,000,000 $CHSOL
- Distribution:
  - 50% Public Sale (via pump.fun & DEXs)
  - 20% Community Airdrops & Events
  - 15% Team (12-month vesting)
  - 10% Marketing & Partnerships
  - 5% Liquidity Pool
- Deflationary Mechanism: 1% of every transaction is burned

Roadmap:

Q2 2025:
- Token Launch on pump.fun
- Meme marketing across Asia & beyond
- Twitter growth & community events

Q3 2025:
- DEX listings
- NFT collection launch (Zodiac-themed)
- CEX pitch & press run

Q4 2025:
- Chinese New Year Mega Campaign
- Community DAO proposal system
- “Stake for Fortune” reward system

2026+:
- Brand partnerships & cultural collabs
- Integration with meme metaverse spaces
- Global Meme Dynasty™

Team:
- Emperor Sun-Lana — Meme Emperor & Visionary
- TigerDAO — Community Growth Leader
- Dynasty Dev — Smart Contract Wizard
- Lady Ping — Marketing Oracle
(*Team identities are semi-anonymous for meme purposes.*)

The Spirit:

$CHSOL is more than a token — it's a vibe. It’s a fusion of ancient tradition and cutting-edge tech.

We meme, we move fast, and we multiply. Red. Gold. Solana-fast. Community-strong.
